ABOUT ME

Adaptable professional seeking new career opportunities beyond software development. Skilled in problem-solving, communication, and learning quickly. After caring for a family member, I'm eager to start fresh in a new field, bringing dedication and a strong work ethic to any role.

WORK EXPERIENCE

FREELANCE WORK

January 2023 – Present
Took time off to care for a family member and focus on personal growth. During this period, I engaged in various activities to enhance my skills and knowledge:

- Produced promotional videos of food menus and posted it via social platforms for engagements.
- Assisting in PC building projects , offering tailored advice to clients based on their requirements.
- Focused on building professional porfolio in IT field.
- Completed online courses in cryptocurrency , technical writing , web development , and software testing.
- Act as a supporting agent to my sister in growing her affiliate marketing efforts on TikTok and Shopee.
- Assisting my father with house decorations, transforming property into a functional and welcoming homestay.
- Achieved an English proficiency certificate from EFSET.org, demonstrating advanced language skills.
- Planning to design user-friendly interfaces for a web and mobile car rental application, contributing to its UI/UX development.
